FAIRFAX COUNTY BUSINESS HAZARDOUS WASTE CLEAN UP DAYS

**APRIL 13 ★ JULY 27 ★ OCTOBER 5, 2005
9:00 AM TO 2:00 PM**

**FOR
CONDITIONALLY EXEMPT SMALL QUANTITY GENERATORS
(CESQG)**

**I-66 TRANSFER STATION
HOUSEHOLD HAZARDOUS WASTE SITE
4618 WEST OX ROAD
FAIRFAX, VA 22030**

OPEN TO FAIRFAX COUNTY BUSINESSES*

*Including businesses located in cities and towns within Fairfax County

What is a CESQG?

Businesses that generate less than 100 kilograms (about 220 pounds or 27 gallons) of hazardous waste per calendar month are called "Conditionally Exempt Small Quantity Generators" or CESQGs. Businesses can also qualify as CESQGs if they produce less than one kilogram (2.2 pounds or 1/4 of a gallon) of acutely hazardous waste per calendar month. The most common CESQGs in Fairfax County are print shops, auto repair shops, household painting businesses, building contractors, manufacturing firms, landscape contractors and nurseries, property management companies, funeral homes, and exterminators.

What is the Fairfax County CESQG Program?

The Fairfax County CESQG Program is an economical way for small businesses to dispose of hazardous waste. CESQGs often have difficulty disposing of small quantities of hazardous waste. Hazardous waste companies usually have a minimum amount of waste they will pick up or charge a minimum fee for service. Typically, the minimum fee exceeds the cost of disposal for hazardous waste. This leaves the small quantity generator in a difficult situation. The Fairfax County CESQG Program Clean Up Day provides businesses with an economical way to manage small quantities of hazardous waste. Our charges are based on the amount of material to be disposed of and include all consolidating, packaging, manifest paperwork, and shipping preparations. Payment is due upon arrival. Visa, MasterCard, checks or cash are accepted. Make checks payable to Director of Finance, Fairfax County.

Who Can Use This Service?

Any small business in Fairfax County (including businesses in cities and towns within Fairfax County) that qualifies as a CESQG may participate in one of the three clean up days scheduled for 2005 at the Citizen's Disposal Facility Hazardous Waste Disposal Site, 4618 West Ox Road, Fairfax.

2005 Clean Up Days

- April 13
- July, 27
- October 5

All clean up days will be held from 9:00 am to 2:00 pm at the Citizen's Disposal Facility Household Hazardous Waste Disposal site.

How Can My Business Participate?

Bring your hazardous waste to the Citizen Disposal Facility from 9:00 am to 2:00 pm on a CESQG clean up day. We are not able to accept waste on days other than the scheduled clean up days.

When you arrive, we will determine if you qualify for the program based on the types and amounts of waste you generate.

- You must show proof that your business is located in Fairfax County (including cities or towns located within the county) by providing a copy of your Business, Personal Property, State, or County License.
- A waiver must be signed certifying that your business is in Fairfax County and that it generates less than 100 kilograms of hazardous waste per month.

Waste must be in containers that are five gallons or smaller. All containers must be labeled for identification. Make sure your waste is in containers with lids.

ITEMS ACCEPTED: flammable liquids, flammable solids, oil base paint, latex paint, insecticides, pesticides, herbicides, corrosives, poisons, nickel-cadmium batteries, lithium batteries, mercury batteries, zinc air batteries, antifreeze, aerosols, oxidizers, mercury, asbestos, coal tars, inks, and photo chemicals.

ITEMS NOT ACCEPTED: compressed gas cylinders, explosives, ammunition, radioactive materials, and medical or biological wastes.
